One of my favorite things to do at Prentis Park is to race my friends on the trio slide in the playground. I like to do that because I always like to see if the sides are faster than the middle. I like to do the monkey bars but I am bad at them so I always fall. I like to slide down tall pole but it can be scary. I like playing catch with my friends in the open.

Prentis Plung is my favorite part of Prentis Park. I love bumping into friends and staying ther for a while. I love going down the orange slide. It is really fun going down the tube slide with a friend.

My dog doesn't like loud noises so we move towards the baseball field. "Clank" Someone hits a ball out of the field and it lands in the fresh spring grass with a small plop.
